

**My Teknoland**  
Software Pvt. Ltd.

## Memorandum of Understanding

between

**My Teknoland Software Private Limited**

and

**Bhaskar Institute of Technology and Science**

My Teknoland Software Private Limited and Bhaskar Institute of Technology and Science, in pursuit of promoting closer ties between industry and academia, and recognizing the mutual benefits derived from cooperation in education, research, skill development, and employment generation, agree to the following Articles:

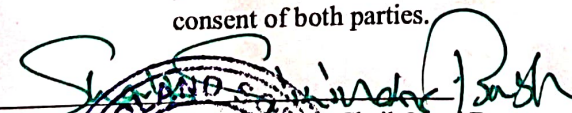

**Article 1** This Memorandum of Understanding (MoU) aims to promote mutual understanding and collaboration between the two parties in the areas of industry knowledge sharing, skill development, research collaboration, internships, employment opportunities.

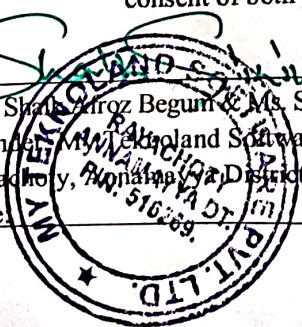

**Article 2** The parties concerned will promote activities in the following fields:

- (1) Industry knowledge sharing through guest lectures, workshops, seminars, and technical sessions for students and faculty.
- (2) Providing internship opportunities to eligible students for practical exposure and skill enhancement.
- (3) Facilitating employment opportunities for qualified students based on company requirements and selection processes.
- (4) Collaborative research activities, innovation projects, and technology development initiatives.
- (5) Faculty development programs and industrial training to bridge the gap between academic learning and industry practices.
- (5) Joint participation in national and international projects, conferences, and technical events.

**Article 3** The methods of implementation, roles and responsibilities, timelines, financial arrangements (if any), and other operational details shall be determined through mutual consultation between both parties, ensuring equality and mutual benefit.

**Article 4** This MoU shall come into effect from the date of signing and shall remain valid for a period of Two (2) years. It may be extended or modified through mutual written consent of both parties.
